TO WHOMSOEVER IT MAY CONCERN

I am pleased to write this Letter of Recommendation for Ansh Patel, who has been employed at Funcell Games for the past one year. I have worked closely with him and observed his employment performance and work ethic during this time.

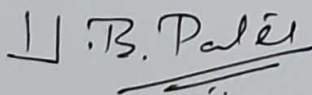

From the very beginning, Ansh Patel has shown a strong inclination towards projects and has consistently demonstrated his ability to think critically and analyse complex problems. He has always been proactive in his approach and has shown a genuine interest in learning new things.

One of the most impressive aspects of Ansh's profile is his ability to work collaboratively with his peers and instructors. He is an excellent team player and has always been willing to go the extra mile to achieve team goals. His ability to communicate effectively and articulate his ideas has been an asset to his team.

His performance in these one year has been exemplary, and he has consistently demonstrated his ability to apply theoretical concepts to real-world problems. I have had the opportunity to work with Ansh on several Unity and Playable projects, and I can confidently say that he has a natural flair for time durability.

In conclusion, I wholeheartedly recommend Ansh for admission to the Masters program. He has all the qualities of an excellent employee, including academic excellence, strong work ethic, and a passion for learning. Please feel free to contact me if you require any further information.

For, Funcell Games Private Limited

Mr. Umang Patel
